## **Foundation Institute**

Foundation Institute is pleased to announce that we have accepted the first 18 applicants as students in next year's program. More applications are currently in process and we hope to accept another group of applicants prior to Pentecost.

Those who wish to attend next year and have not yet submitted an application should consider doing so soon. While our classroom capacity will be greater in our new facility, and the official deadline for applications is May 31, there is still the possibility of reaching capacity prior to the deadline. Early applications also enable us to make sure we have adequate student housing available. While we will accept applications after the deadline as long as there is room, we cannot promise housing for those who apply after that date.

Applications and admission information is located on the Foundation Institute website.
